BRIEF SUMMARY

As a BE final year Computer Engineering student at SKNCOE, affiliated with SPPU, I am passionate about fields like AI & ML, Data Science, Web Development, and Cybersecurity. Over the past two years, I have developed strong programming skills in C++, Java, and Python. Additionally, I am proficient in front-end technologies like HTML, CSS, and JavaScript, and backend development using Python and Django. I have chosen Data Science as my Honour subject this semester, reflecting my deep interest in this domain. I am eager to apply my skills in real-world settings through internships, contributing to innovative projects and gaining valuable industry experience. My goal is to continuously enhance my skills in web development, data science, and computer science while contributing to dynamic and impactful projects.

KEY EXPERTISE

Python Django HTML CSS Javascript Database OOPs Problem Solving Communication Skills Teamwork
Leadership Java Reactjs AWS TailwindCSS

EDUCATION

Shrimati Kashibai Navale College Of Engineering

2021 - 2025

B.E. - Computer Science & Engineering | CGPA: 7.54 / 10

Residential Junior college, Ahmednagar, Ahmednagar

2021

12th | Percentage: 70.83 / 100

Om Gurudev English medium Gurukul, kokamthan, Kopargaon

2019

10th | MSBSHSE | Percentage: 85.80 / 100

PROJECTS

Tesla-Academy

08 Sep, 2024 - 16 Jan, 2025

Team Size: 3

Key Skills: FastAPI Reactjs Python TailwindCSS HTML5 Javascript Mern stack AWS S3

Developed Tesla-Academy, an educational platform using React, (MERN stack), Javascript, TailwindCSS and HTML for the front end, and Python with FastAPI for the backend. It features separate admin and user interfaces for managing courses, user profiles, and progress tracking, providing a seamless learning experience.

Fitclub

08 Mar, 2024 - 19 Jun, 2024

Mentor: Yuvraj Kale (Senior Software Developer, CYBAGE) | Team Size: 2

Key Skills: ReactJS CSS Javascript node NodeJS Email Marketing HTML

Project Link: <https://fitclub-1my.pages.dev/>

Developed a comprehensive fitness management system, FitClub, that enables users to manage workout plans, track progress, and streamline fitness routines. The project features distinct admin and user interfaces, ensuring efficient oversight and user-friendly access. The admin interface allows for managing workout programs, user profiles, and system settings, while the user interface provides seamless interaction for regular users, including the ability to log workouts, view progress, and access personalized fitness plans. Integrated EmailJS to enable seamless contact form functionality, allowing visitors to send messages directly to my email without needing a backend server. This feature ensures efficient and secure communication between me and potential clients or collaborators.

My Portfolio

23 Mar, 2024 - 11 Jun, 2024

Team Size: 1

Key Skills: ReactJS HTML CSS Javascript NodeJS

Project Link: <https://dineshgaikwad.pages.dev>

Developed a personal portfolio website showcasing my projects, skills, and experience. The portfolio is built using React for a dynamic and responsive user experience. It includes sections for an about me, projects, skills, and contact information. Each project is presented with detailed descriptions, technologies used, and links to the corresponding GitHub repositories. Integrated EmailJS to enable seamless contact form functionality, allowing visitors to send messages directly to my email without needing a backend server. This

feature ensures efficient and secure communication between me and potential clients or collaborators. The design is modern and clean, making it easy for visitors to navigate and learn more about my work and background.

Transport System

28 Aug, 2023 - 25 Mar, 2024

Key Skills: HTML CSS Javascript Django Database SQL

Project Link: <https://github.com/MrInfinite12>

Developed a comprehensive transport management system that enables users to manage assignment details, track driver information, and streamline operations. The project features distinct admin and user interfaces, ensuring efficient oversight and user-friendly access. The admin interface allows for managing assignments, drivers, and system settings, while the user interface provides seamless interaction for regular users.

ASSESSMENTS / CERTIFICATIONS

Microsoft Azure Fundamentals (AZ-900)

Aggregate: 940 / 1000

Key Skills: Microsoft Azure Cloud

Microsoft Azure Fundamentals is the first of Azure Certification exams, the main area of focus over here is learning the cloud concepts i.e. the Principles of Cloud Computing, Core Azure Services (which includes the various cloud computing services such as virtual machines, storage, databases and networking).

Advance Python and Django

Aggregate: 89 / 100

Key Skills: Python Django

This course covers advanced Python programming techniques, including decorators, meta-programming, and asynchronous programming. It also delves into the Django framework, focusing on building and deploying secure, high-performance web applications, advanced models, and APIs using Django Rest Framework.

SEMINARS / TRAININGS / WORKSHOPS

International Level Student Workshop - 2024 On Data Science using Python

19 Feb, 2024 - 23 Feb, 2024

Institute Name: Shrimati Kashibai Navale College Of Engineering

Key Skills: Data Science Python

I am proud to share my active participation in a Five-day workshop Organized by SMT. KASHIBAI NAVALE COLLEGE OF ENGINEERING,PUNE In Association with BRAINOVISION SOLUTIONS INDIA PVT. LTD. During the period Feb 19th, 2024 to Feb 23rd, 2024
